| 7:45 – 8:00 a.m. | **Opening Remarks**  
Parta Hatamizadeh, MD, MPH | University of Florida | Course Director  
Mark Segal, MD, PhD | University of Florida | Chief, Division of Nephrology, Hypertension & Renal Transplantation |
| 8:00 – 8:10 a.m. | **Introduction to Nephrocardiology**  
Parta Hatamizadeh, MD, MPH | University of Florida |
| 8:10 – 9:05 a.m. | **Latest Updates in Cardiorenal Syndrome**  
Mark Sarnak, MD, MS | Tufts University |
| 9:05 – 10:00 a.m. | **Heart Failure: The 2019 Perspective**  
Maryl R. Johnson, MD | University of Wisconsin |
| 10:00 – 10:30 a.m. | Break & Exhibits                                                                            |
| **Session II:** | **Cardiovascular System, Electrolytes and Ions**                                          |
| 10:30 – 11:30 a.m. | **Cardiovascular Consequences of CKD-Associated Impaired Mineral Metabolism**  
Myles Wolf, MD, MMSc | Duke University |
| 11:30 – 12:30 p.m. | **The Importance and Challenge of Meticulous Potassium Management in Cardiovascular Diseases**  
Parta Hatamizadeh, MD, MPH | University of Florida |
| 12:30 – 1:30 p.m. | Lunch & Exhibits                                                                            |
| **Session III:** | **Kidney Disease and Cardiac Arrhythmias**                                                |
| 1:30 – 2:15 p.m. | **Contemporary Understanding of Atrial Fibrillation**  
William M. Miles, MD | University of Florida |
| 2:15 – 2:45 p.m. | **Controversies in Management of Atrial Fibrillation in CKD Patients: Where Do We Stand?**  
Charles Herzog, MD | University of Minnesota |
| 2:45 – 3:30 p.m. | **Sudden Cardiac Death: Is It a Different Phenomenon in CKD Patients?**  
David Charytan, MD, MSc | Harvard Medical School |
**Saturday, February 16th, 2019**

| 8:00 – 8:50 a.m. | **Session IV:** Kidney Disease and Coronary Heart Disease | **Current Understanding of Coronary Artery Disease in CKD**  
Mark Sarnak, MD, MS | Tufts University                                                      |
| 8:50 – 9:20 a.m. |          | **Interpretation of Troponin Level and Diagnosis of Acute Coronary Syndrome in CKD Patients**  
Charles Herzog, MD | University of Minnesota                                                 |
| 9:20 – 10:00 a.m. |          | **Contrast Induced Nephropathy: What is New?**  
Paul Palevsky, MD | University of Pittsburgh                                               |
| 10:00 – 10:30 a.m. |          | Break & Exhibits                                                      |                                                                           |
| 10:30 – 11:30 a.m. | **Session V:** Renal Replacement Therapy and Cardiovascular Disease | **Chronic Hemodialysis vs. Peritoneal Dialysis in Cardiovascular Patients**  
Joanne Bargman, MD | University of Toronto                                                  |
| 11:30 – 12:30 p.m. |          | **Acute Renal Replacement Therapy and Cardiovascular Diseases: When to Start? What Modality to Use?**  
Paul Palevsky, MD | University of Pittsburgh                                               |
| 12:30 – 1:30 p.m. |          | Lunch & Exhibits                                                      |                                                                           |
| 1:30 – 2:30 p.m. | **Session VI:** How Cardiology and Nephrology Devices Affect the Other Organ | **Renal Impact of Devices Used for the Management of Advanced Heart Failure**  
Uri Elkayam, MD | University of Southern California                                      |
| 2:30 – 3:30 p.m. |          | **Cardiovascular Impact of Hemodialysis**  
Christopher McIntyre, MBBS, DM | University of Western Ontario                                          |

</table>
| 8:00 – 9:00 a.m. | **Endothelial Dysfunction: A Connection Between Cardiovascular and Kidney Diseases**  
Mark Segal, MD, PhD | University of Florida                                                   |
| 9:00 – 10:00 a.m.| **Anemia: Another Connection Between Cardiovascular and Kidney Diseases**  
Steven Fishbane, MD | Hofstra Northwell School of Medicine                                    |
| 10:00 – 10:30 a.m.| Break & Exhibits                                                         |
| 10:30 – 11:30 a.m.| **Malnutrition Inflammation Complex: Another Connection Between Cardiovascular and Kidney Diseases**  
TBD                                                                 |
| 11:30 – 12:30 p.m.| Panel Discussion                                                         |
| 12:30 p.m.       | Closing Remarks                                                          |
