On behalf of course director Parta Hatamizadeh, MD, MPH, I am writing to request your support as an exhibitor for the upcoming 1st International University of Florida Nephrocardiology Conference. The inaugural event will be held at the Orlando World Center Marriott in Orlando, Florida.

The intended audience consists of over one hundred clinicians and researchers in the fields of nephrology, cardiology, internal medicine and its subspecialties, hospital medicine, family medicine, pediatrics, emergency medicine, pulmonary and critical care medicine, geriatrics and anesthesiology. Furthermore, those practicing in clinical and/or research in other areas of medicine that encounter patients with heart and kidney diseases will benefit from this course and are invited to attend. In addition to physicians and scientists, nurse practitioners and physician assistants are among the target audience and are invited to attend.

This conference is a great opportunity to make and solidify relationships, fulfill your marketing needs and sales objectives through person-to-person communication and marketing.

A draft agenda can be found on the program website at http://nephrocardio.cme.ufl.edu/

Exhibits will be located outside the meeting room, near registration and the area where breakfast, lunch and refreshment breaks will be served. Please submit the Exhibitor Contract if you are able to participate, and review the information in this prospectus for important details. Please note that the Exhibitor Contract is due as soon as your organization has approved participation, and payment is expected prior to the conference. Of note, within each tier of exhibitors, selection of booth space is prioritized based on the timing of submission of the contract.

We appreciate your support of our programs, and hope that you and/or another representative will be able to join us. Please don’t hesitate to contact us if you have any questions or need additional information.

Best,
